DETAILED ACTION

Specification

The objection to the specification, outlined in the previous Office Action, has been overcome by applicant's amendment. The amendment adds the parentage.

102 Rejections Withdrawn

The rejection of claims 15, 16 and 27-29 under 35 USC 102(b), outlined in the previous Office Action, has been overcome by applicant's amendment. With respect to claims 15 and 16, the amendment rewrites claim 15 (the independent claim) such that it is no longer a product-by-process claim. Applicant's arguments have also been carefully considered with respect to the claimed compounds and are persuasive. A further search has been conducted and the compounds are deemed free of the prior art. With respect to claims 27-29, the amendment cancels the claims.

Allowable Subject Matter

Claims 1-26 are allowed for reasons of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
